A reflective pause:  
Looking back to look forward...

## Standard 1:

Organisations must have a designated board Director responsible for food (nutrition and safety) and report on compliance with the Healthcare Food and Drink Standards at Board Level as a standing agenda item.

# Harnessing the power – The Power of Three

## Standard 6:

Organisations must be able to demonstrate that they have an established training matrix and a learning and development programme for all staff involved in healthcare food and drink services.

Thank you for listening  
and for all that you do
