“Farm to Fork”

Building a resilient and sustainable food system together

Minette Batters

President, National Farmers' Union

CHAMPIONING BRITISH FOOD IN THE PUBLIC SECTOR

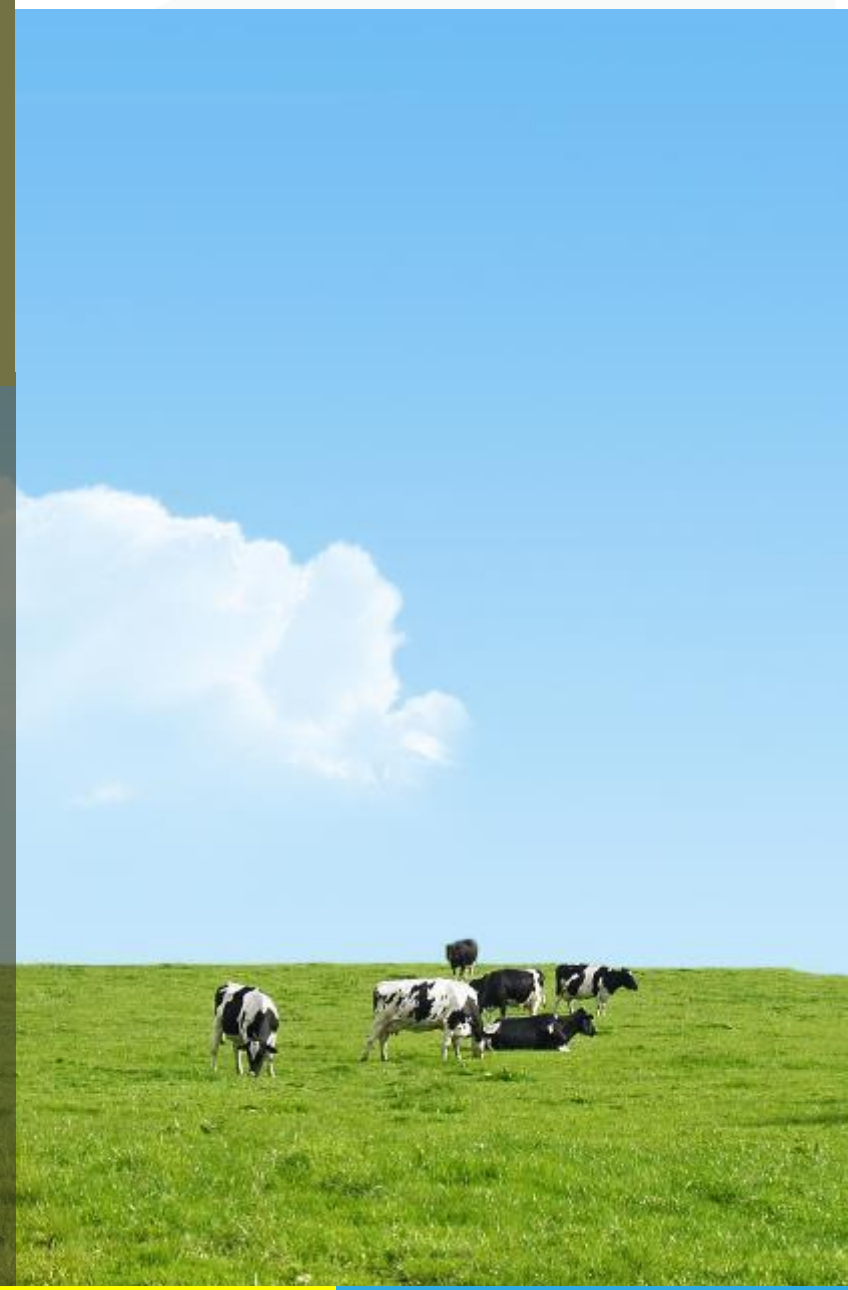

**Working with us to
champion home-
grown food
production to
government**

**Supporting
British farmers
through
sourcing and
service delivery**

**Supporting SME
suppliers and
addressing
access to
markets**

FEEDING THE NATION

- A strong supply of homegrown food is crucial
- Inflation is hitting everyone
- Supply chain confidence must be built
- Work with us to champion home-grown food production to government

THE ROLE OF GOVERNMENT

- Set out clear standards within public sector catering
- Provide support to reach standards
- Support and protect British food standards
- Drive transparency within the market

SERVING BRITISH FOOD

- Environmental ambitions
- Safe, traceable food underpins our production
- Local, regional supply chains to enhance domestic supply delivers for farmers and growers

NEW ROUTES TO MARKET

- Working more directly with producers to supply at a local level
- Addressing accessibility for SME's within supply chains
- Embedding dynamic procurement principles into your tenders

WORKING TOGETHER FOR A STRONGER FUTURE
