# It's a Numbers Game

- 3
- 5
- 9
- 80:20
- Nutrition = (1 – Food Waste)

# Value Based Health Care Delivery

- The overarching goal in health care must be **value for patients** not access, cost containment, convenience, or customer

$$\text{Value} = \frac{\text{Health}}{\text{Cost}}$$

**Stop Press:  
Food Waste does not improve health  
or provide value for patients!**

- Spending on things that do not improve health

## UK Food Waste Reduction Roadmap

### Target

Set a food waste reduction target for your own UK operations

### Measure

Measure in a consistent way, and share what you've learnt

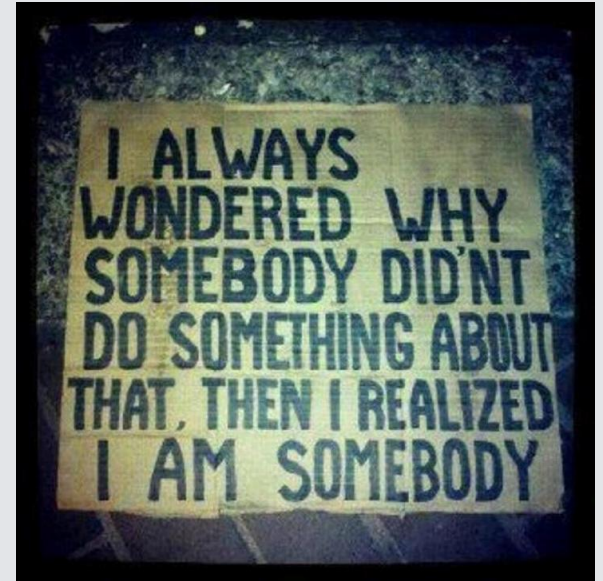

### Act

Take action to reduce your own food waste, work in partnership with suppliers and help consumers reduce their food waste

# Your Resolution on Food Waste – Yes, You!!

- Take ownership
- Get buy in at all levels
- **Target – Measure - Act**
- Task & Finish for Quick wins
- Question Bad Practice
- Promote Good Practice
- Deliver improvement - patient by patient, ward by ward, hospital by hospital
